DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION

Concord, New Hampshire

January 26, 1953

Board of Selectmen
Salisbury, New Hampshire

Gentlemen:

Submitted herewith is the report of an audit and examination of the accounts of the Town of Salisbury which was made by this Division, acting under authority of Chapter 82, Section 27, of the Revised Laws of New Hampshire, which provides in part as follows:

> "Audit on Motion of Commission. The Commission may cause an audit to be made of the accounts of any city, town, school district, village district or precinct, as often as once in two years, or whenever conditions appear to it to warrant such . . ."

This audit covered the fiscal year ended December 31, 1951, and the period from January 1st to November 18th, 1952. Exhibits as hereafter listed are included as part of the report which is made up in three sections as follows:

Section I—Fiscal Year Ended December 31, 1951
Section II—Period January 1st to November 18th, 1952
Section III—Statistical Table—Ten Year Statement of Indebtedness, Valuation and Taxes

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk and Trustees of Trust Funds.

FINANCIAL STATEMENTS

Comparative Balance Sheets—Dec. 31, 1950-Dec. 31, 1951
(Exhibit A)

Comparative Balance Sheets as of December 31, 1950 and December 31, 1951, are presented in Exhibit A. As indicated therein, the Net Debt increased by $18.30 during the year 1951.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the Town during the year is made in Exhibit B, with the factors which caused the change indicated therein. These were as follows:

Increase In Net Debt

Net Budget Deficit	$947.44	
Transfer of Tax Liens to Tax Deeds	42.11	
1950 Bounties Due from State—Used as Estimated Revenue in 1951 Budget	28.75	
		$1,018.30

Increases In Net Debt

Long Term Note Paid	1,000.00
Net Increase	$18.30

Comparative Statements of Appropriations and Expenditures—Estimated and Actual Revenues: (Exhibits C and D)

Comparative statements of appropriations and expenditures, estimated and actual revenues for the fiscal year ended December 31, 1951, are presented in Exhibits C and D. As indicated by the budget summary (Exhibit D), a net overdraft of appropriations of $947.29, plus a net revenue deficit of $0.15, resulted in a net budget deficit of $947.44.

Summary of Receipts and Expenditures: (Exhibit E)

A summary of receipts and expenditures for the fiscal year ended December 31, 1951, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of November 14, 1952, is indicated in Exhibit P.

AUDIT PROCEDURE

The accounts and records of all town officials charged with the custody, receipts and disbursement of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks.

GENERAL COMMENTS

Appropriation Overdrafts:

The budget summary (Exhibit D) indicates:

Overdrafts of Appropriations	$2,103.40
Unexpended Balances of Appropriations	1,156.11
Net Overdraft of Appropriations	$947.29

Section 5 of Chapter 52, Revised Laws of New Hampshire, as amended, (Municipal Budget Act) the provi-

sions of which have been adopted by the Town of Salisbury, provides as follows:

"5. Exceeding Appropriations. In towns adopting the provisions of this chapter, no board of selectmen, school board, commissioners of a village district wholly within said town, or other expending agency shall pay or agree to pay any money or incur any liability involving the expenditure of money for any purpose for which an appropriation has not been made, or in excess of any appropriation or allotment made to it, except for the purpose of paying judgments rendered against the town or school district or said village district, provided, however, that in case of sudden and unexpected emergency the selectmen or village commissioners on application to the tax commission and the school board on application to the state board of education, after hearing, may be given a certificate of emergency authorizing them to make such expenditure or incur such liability, provided that no such certificate of emergency shall be granted unless the budget committee of the town has approved the expenditure. In cases arising during the year following the annual meeting where changes occur which make it unnecessary to use the amount appropriated for a specific purpose, an unexpended balance may be transferred by the board of selectmen or the school board or the village commissioners of such village district from one appropriation to another, provided the total amount expended for all purposes does not exceed the total amount appropriated at the town, school or village district meetings for all purposes."

It is noted, therefore, that contrary to the provisions of Section 5 of the Municipal Budget Act (1) expenditures exceeded total budgetary appropriations and (2) no application was made by the Board of Selectmen to the Tax Commission for authority to exceed appropriations.

Accounting Records:

Neither the Tax Collector or the Town Clerk have adopted the use of the standard form of Cash Books which are prescribed for this purpose.

Without the standard form of Cash Book it is difficult for the Tax Collector to make the proper segregation of tax collections, redemptions from tax sales and collec-

tion of interest, by years of tax levies, when remitting funds to the Treasurer. This is indicated by Exhibit K which shows (1) the way in which tax collections were reported when remittances were made to the Treasurer, and (2) the actual segregation of such collections according to the analysis made by the Auditors.

It is recommended that the Tax Collector and Town Clerk adopt the use of the standard form of Cash Book which is necessary to provide for adequate accounting needs.

Conclusion:

With exceptions as herein noted, the accounts of all town officers which we examined were found in good order and the accounting procedure conformed to prescribed methods.

TEAM WORK WILL DO THE JOB

Team work has won victories from time immemorial—for families, towns, cities, states and nations. Team work is the highest form and most democratic example of cooperation. Without team work, America and Americans would never have achieved the greatness that is theirs. We are all aware of its power and appeal. It is no less needed now than in the past.

Team work among those who live, work and recreate in and near the woodlands, is vital. There never was a time when our woodlands as a whole were in such precarious condition as they are now.

Since the hurricane, nearly 900,000 acres of slash have been added to our already sizeable slash problem. If we are to avoid unnecessary trouble with fire in our woodland areas everyone must cooperate—we must have team work. The remedy is simple—

YOU and YOU and You and You

MUST secure the required permit from your local forest fire warden before burning.

MUST use necessary precautions while burning or smoking in or near woodlands.

MUST not throw lighted cigars, cigarettes and matches from vehicles moving along highways.

Otherwise YOU might well contribute to a costly and damaging fire. And don't forget that fire might destroy your own property!

REMEMBER—Only YOU and YOU and YOU can prevent fire!

TEAM WORK WILL DO THE JOB

REPORT OF SUPERINTENDENT OF SCHOOLS

1951-1952

To the School Board and the Citizens of Salisbury:

In reporting to you this year I wish, first of all, to commend the citizens of Salisbury for the improvements made at the South Road School during the summer. The schoolroom is now in fine condition and both children and teacher enjoy it very much. The new desks and chairs are so useful and practical, the improved lighting facilities, the new ceiling, the clean, freshly painted walls and polished floor,—all give a new atmosphere to the schoolroom. The painting of the exterior of the building adds much to its appearance.

Another indication of local interest in schools is being shown with the addition of a kitchen for preparing and serving school lunches. This enterprise at the Heights School is so essential to a good hot lunch program. It centralizes the project, puts it on a business-like basis, and makes for greater efficiency. A stove for the kitchen, an oil burner and other articles of equipment have been donated. Labor has been freely given and the whole project is indeed a fine example of community participation and interest. I hope the work may be finished soon,—the chimney needs building, so that lunches can be served to the children. A program of such worth merits the appropriation of district funds for its maintenance.

A new health series of books has been purchased for the schools this year. These books will tend to improve instruction in this vitally essential subject.

Just recently the children of both schools have been given the fluorine dental treatment.

The conditions of local schools in any community reflect that community's interest and support. All thoughtful people give careful consideration to their local school needs with the objective of the continuous growth and improvement of the children as their goal. Prudent spending for necessary materials and equipment, the encouragement of professional growth among teachers, the development of greater parental activity in school functions—all these things have as their main purpose the enrichment of the child's training.

In the smaller rural schools a great deal of individual teaching can be done. This is one of the commendable features of our rural schools. The closer the contact with children—when made by good teachers—the more effective the learning becomes. These little schools also tend to develop the resourcefulness of children a characteristic so essential to successful living. Salisbury's schools are doing a pretty fair job in these respects.

Much credit should be given to the School Board, Teachers and interested citizens for their valuable help and cooperation during the past year. I ask for their continued support in the days to come.

Respectfully submitted,

WILLIAM B. HOUNSELL,
Superintendent of Schools
